## Deadwood City Archives Continues to Grow

Looking back over the past 12 months, it's clear the City Archives chalked up another successful and productive year, through the generosity and support of the City and Historic Preservation Commissions, Deadwood citizens, volunteers, and city staff. As of December, the City of Deadwood graciously received seventeen new collections in the way of donations and acquisitions in 2024. Details surrounding these collections were shared through Facebook posts, newspaper articles, and articles in the city newsletter throughout the year. Each item helps in the interpretation of Deadwood and county residents, organizations, businesses, and related groups from the 1870s to present. Work also began on one of the City Archives legacy projects - the banking records from the Black Hills Trust & Savings Bank. Partial funding for this project was made possible through a grant from the Mary Chilton Daughters of the American Revolution (DAR). Portions of this collection will be made available for public viewing in 2025. The City Archives continued to partner with the Case Library at Black Hills State University, in the transcription of Lawrence County tax records. To date, 275 entries, constituting transactions from the years 1910 to 1912, will be available for review in 2025. Lastly, archival staff and volunteers finished organizing and packaging the FourPoints and Gem Theater archaeological collections, approximately 11,000 artifacts in total.

On behalf of the City Archives and Deadwood Historic Preservation staff, we would like to thank you for your patronage and wish you a blessed 2025.

## Nostalgic Photo of 1950's Nativity

Longtime Deadwood resident and businessman, George Hunter, captured the wood Nativity that once was on display in Gordon Park, circa 1950s.

On behalf the City of Deadwood and the Deadwood Historic Preservation Office, we wish you a Merry Christmas and Happy New Year!
